Under TIP Project No. Y-4809H, NCDOT proposes the closure of the Stoney Point Lane (SR 4512) at-grade highway / rail crossing (Crossing #470 200E, MP R 115.7), near Walkertown. The Stoney Point Lane highway/rail crossing is on a paved road with an Average Daily Traffic count of around 300 vehicles per day.

Under TIP Project No. Y-4809K, NCDOT proposes the closure of the Hammock Farm Road (SR 2349) at-grade highway / rail crossing (Crossing #470 211S, MP R 120.10), near Winston-Salem. The Hammock Farm Road highway/rail crossing is on a paved road with an Average Daily Traffic count of around 300 vehicles per day.
